Assistant Director of DOSH: Anne Soiza spoke on the delay of the compliance enforcement. This delay will delay all enforcement for one year.

Education and Outreach: Nancy Bell spoke on the Education and Outreach available to everyone. She went through the GHS webpage. Labor and Industries has one of the largest workplace safety videos libraries in the country.

The webpage shows model programs for Global Harmonization (GHS). The GHS rule has similar elements. These programs could be modified. Training videos could be made with a grant from the ship program. The deadline will be March 15, 2013 for applications.

There is one video available and Labor and Industries has purchased it. It is available for lend in our DOSH video library. There are several copies.

If you have an association event we can have a table at any of your events. Just get a hold of Nancy Bell (360)902-4856, nancy.bell@lni.wa.gov.

Algorithm -Jeff Rochon algorithm-The title should include preparation.

This is a draft document and will be treated as such. There is still a lot of work on it.

Anyone who would like to attend these subcommittee meetings please contact Jeff Rochon. The meetings will have call in information if you aren't able to attend.

We need to make sure that if something is not approved by the group it should not be public.

Karen will be going on a tour of work places and if you would like to attend please contact her.

Alex wanted to thank Anne for the delay in enforcement deadline.
